As the school year draws to a close, both teachers and students reflect on the days that have passed. Memorable moments may focus on a field trip, a guest speaker, a schoolwide celebration, or a special friend. This month, create a quilt that is a collection of your students’ memorable moments.

Memorable Moment Quilt

DIRECTIONS

1. Have students decide which memorable moment to illustrate on a quilt block.

2. Have children use actual photographs or crayons or markers to illustrate that moment on the block.

3. They can add captions to the pictures, describing the moment and how they felt.

4. Glue the finished quilt blocks to construction paper, and attach the finished squares to posterboard or a bulletin board.

Materials

- quilt block template (reproducible 2)
- photographs
- markers or crayons
- glue
